"Neb was phenomenal with his customer service, as well as very courteous and professional. Dan was a pleasure to have in my home. All of the employees I encountered were knowledgeable, courteous and professional.

It was a pleasant experience having them in my home. They did a fine job with the restoration of my home, as well as the mitigation. The mitigation team of Donny and Lamar were also fantastic! Neb did an amazing job keeping the work flowing, as well as the communication. He really represents DALLASWHITE very well!"
